DIRECTOR'S MESSAGE

MONTHLY NEWS

VOLUME 9, ISSUE 9 | SEPTEMBER 2026

Greetings from NITTTR, Chennai!

I am delighted to present the September 2026 edition of our monthly newsletter, highlighting a month of academic excellence, international collaboration, professional development, and sustainability initiatives.

A key highlight was the ITEC programme on “Smart Technology Integration Frameworks for Transformative 21st Century STEM Teaching and Learning,” which welcomed international participants. We also renewed our MoU with K.S.R. College of Technology, Tiruchengode, strengthening collaboration in skill development, research, innovation, and industry–academia engagement.

Our commitment to capacity building continued through diverse Professional Development Programmes covering AI and Machine Learning, AI-assisted learning and research, Outcome-Based Education, advanced pedagogy, employability skills, entrepreneurship, and emerging engineering technologies across our main campus and extension centres.

Campus initiatives included Teachers’ Day celebrations and Hindi Month activities promoting the spirit of education, linguistic awareness, and national integration. Through Swachhata Hi Seva 2026, we strengthened our commitment to environmental responsibility with waste segregation awareness campaigns, cleanliness drives, and the planting of 1,000 saplings. Another milestone was the inauguration of NITTTR Surya Shakti, a 100 kWp grid-interactive solar energy system, advancing our vision of a clean and sustainable campus.

I extend my heartfelt gratitude to our faculty, staff, students, research scholars, international delegates, and institutional partners for their continued dedication to excellence. Together, let us strengthen technical teacher education and contribute to the vision of Viksit Bharat.

Warm regards,
Prof. Dr. Usha Natesan
Director, NITTTR Chennai
